

>>>Let's assume that this man is my "father". Is he a reliable source of knowledge? (What is a "source of knowledge?" On what conditions is it "reliable"? Is there a "reliable source of knowledge"?)

>>>Are these reliable sources of knowledge (this is a preliminary sample, enrich the population with your own samples, then group –and subgroup- the images according to their 'reliability', and briefly describe each group's characteristics –or just think about it) [if you have different instances-types, would you e-mail them to this e-mail address before the lecture hour: [onursonmezn@yahoo.com](mailto:onursonmezn@yahoo.com)]
